WORKING WITH COUNCIL

Are you looking for a rewarding career in one of our nations biggest growth industries. Council currently has vacancies within our aged care sector. For more information call 69301800 or visit:

WWW.COOLAMON.NSW.GOV.AU

Ask us first!

The first step in preparing a Development Application (DA) is to find out about Council controls, policies and guidelines that may apply to your development proposal. Before you can start designing your proposal, you need to know about:

- ◆ Coolamon's Local Environmental Plan 2011.
- ◆ Relevant State Environmental Planning Policies (SEPPs).
- ◆ Coolamon Development Control Plan (DCP) 2015.
- ◆ Any other relevant design principles, guidelines and policies that may apply to your development.

Council's Planning Department are able to answer most enquiries over the phone. If you require more detailed information regarding:

- ◆ relevant development controls
- ◆ heritage assessment criteria
- ◆ building regulations and construction certificates
- ◆ approvals required under the *Local Government Act 1993* and other legislation
- ◆ other matters that you may need to consider when designing your proposal

Council suggests that you book an appointment for a 'DA Pre-Lodgement Meeting' where senior staff are able to provide comments on any specific proposal. To make an appointment call 6930 1800.

Training Opportunities

Where we'll be: 124 - 130 Cowabbie Street, Coolamon
Victory Gardens - Ford Street, Ganmain

Rural Addressing Reflective Numbers

It has been 12 years since Council rolled out the rural addressing program and provided farms with reflective identification numbers. These numbers are associated with access points along the road and are used to identify the location of property entrances. It is important that if your point of entry to the property changes you update Council, it will affect the number. Should any landowners require to renew or replace these reflective number plates, they are available at council at a cost of \$48.50 each.
